

Spring 2018 Update:

The Executive Board has decided that this year because of the First Annual Gala, we are not going to hold a separate banquet this spring. We do not want to put a strain on the membership and would rather have a great showing for the Gala than have a mediocre showing for two separate events. That being said, we will not be holding a banquet on April 6<sup>th</sup> this spring. We will be holding a business meeting on June 9<sup>th</sup> before the Gala at 4:30PM. The Gala is being held at the English Dining Hall at Sequassen and tickets are a \$40 donation. More information will be coming shortly or you can visit the Facebook event page at [Gala Event link](#). We hope that you all will make an effort to attend the Gala and help support our Camp and help get the word out about this great event. If you have any items that you would like to donate to the Gala, please let us know and if you are interested in donating but do not have any ideas, please contact us and we can offer some options.

In other news, the Bill Bunnell Family Cabin restoration project has been completed with the revitalization of Cabins 3,5 and 6 finishing up in the late winter. There are some amenities that still need to be acquired to complete the offerings, but the cabins are all at a point they can be utilized. A huge thanks to all who were involved in the project from planning to fundraising to sweat equity in the completion of the project. The family cabins are all beautiful and any family should feel comfortable residing in them now during the early fall and late spring. Even though the snow has been on the ground, the improvements have not slowed down. The signage has continued around camp with the trading post getting its own sign on the front of the building. There is also an ongoing project to replace all of the major cabin tables with brand new tables using hardwood flooring as the center design as each of the family cabins have a smaller version of the same design table. There are also brand new benches to go along with the new tables to enhance the experience of troops in the off-season. For the summer season, the waterfront is also receiving 2 brand new changing portable buildings that will house a total of 5 stalls, 2 of which will be handicap accessible.

May the Trails Invite Us Still,

David Applegate
